

# Cool technology, right down to the nano details.

It's fair to say that Daewoo's quality has surprised a lot of people. But the cold hard facts are these. Daewoo was the first in the world to develop Nano Silver technology for use in fridges - repelling bacteria and other microbes so that food stays fresher, longer. Daewoo's 3D Cooling/No Frost system was another world first. Innovative features include wine racks, ice and water dispensers and homebars. And environment-friendly design safeguards our families and our future. Daewoo. Quality you can rely on, day in, day out.

## FRS-2411S

721LT Aluminium  
925Wx1808Hx878D (mm)

- Automatic Ice & Water Dispenser
- Homebar
- Nano Silver Anti-Bacteria
- LCD Display
- No-frost 2Fan Cooling Air Flow
- CFC Free
- Safety Glass Shelves
- Folding Wine Rack
- Dairy Compartment
- 4 Star Energy Rating
- Low Noise Level
- Radius Style

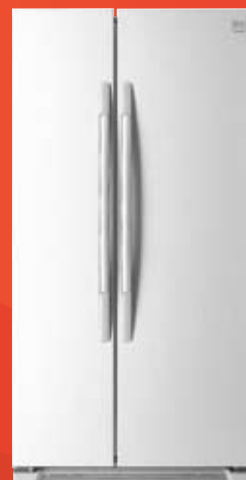

FRS-U20DCW  
FRS-U20DCS  
603LT White/Aluminium  
900Wx1790Hx730D (mm)

- Automatic Ice & Water Dispenser
- 600mm Cabinet Depth
- Nano Silver Anti-Bacteria
- LED Display
- Electronic Temp control
- No-frost 2Fan Cooling Air Flow
- Safety Glass Shelves
- 4 Bottle Wine Rack
- CFC Free

FRS-U20ICW  
FRS-U20ICS  
618LT White/Aluminium  
900Wx1790Hx730D (mm)

- 600mm Cabinet Depth
- Nano Silver Anti-Bacteria
- Electronic Temp control
- No-frost 2Fan Cooling Air Flow
- Safety Glass Shelves
- CFC Free
